

RUNNING BOARDS™

BIKE BOARD SPECS.

Send files under 4MB via email. Use a sharing service like Hightail, Dropbox or Google Drive for larger files. Send artwork to artwork@runningboards.com.au

- Visible area
- Non-visible
- Support poles

Trim size: **W 2340 mm x H 1250 mm**
 Visible area: **W 2340 mm x H 1200 mm**
 File setup: **1:10 scale (10% of final size)**
W 234 mm x H 125 mm

Apex (support poles behind)

File formats

We prefer high resolution PDFs!

Work in **CMYK** at **1:10** (10% of final size).

In some cases PDFs will not be usable and we may request the original artwork files.

We also accept: Adobe CS5 Design Suite files (Illustrator; InDesign; PhotoShop). Make sure you package all linked files.

File setup

When designing art for each of the 3 sides of a **Bike Board** you can either include a minimum 50mm gutter in between each panel or have distinct panels which join up on each apex. Both can look great! Please contact our team if you would like to see examples of each design approach.

When preparing artwork for a Bike Board, the document should be created at **1:10** scale (10% of final print size). Images should be a minimum of **300dpi** at 10% of final print size.

- Include 5mm of bleed (50mm at final print size)
- All images should be min **300dpi** when placed
- Convert **ALL** fonts to outlines
- All overprint/trapping options should be turned off
- Do not use ASCII encoding for EPS files, use Binary only
- All files must be supplied **CMYK** not RGB
- Set all solid black to **C 20% M 20% Y 20% K 100%**

Backlit art

Bike Boards can be backlit for maximum impact at night. Your artwork will need to be designed to avoid 'show-through' from the support poles. To optimise your artwork for backlighting contact our team.

Using existing artwork

Already got 3:2 poster artwork? Just send us your files and we'll do the rest. Or if you would prefer to tailor your artwork contact our team.

Decals

Want extra branding? No problem, we can apply decals directly to the capping at the top as well as the back and sides of the Bike Board at the base. Contact our team for more information.
